

65

“Beloved Children, the future is even more dangerous. Therefore, everybody should become united, in everything and stand ready to experience the Divine Holiness.”

A promise given by our Lord Jesus, through this phase of special revelations, regarding our nation was fulfilled on 21st of September, 2024. It was about a new political leadership, to be chosen by God. Reference has been made to this in ‘Footsteps of the Holy Spirit’, chapters 61 and 62. Now, let’s turn our attention to some sections, extracted from that.

27th April 2022

“...Every nation has been put under this great purification. But, I have stated, sometime ago: Alas! The magnitude of the disaster that will affect this land. Now those disasters are on their way. Haven’t I issued some special messages before? Through those messages I specially addressed the heads of states, engaged in ruling the nation. What have those heads of states done for the people? What have the people done for them, confiding in those leaders? I allowed them to ponder over those questions. What would happen to them if they failed to fulfill faithfully the promises they made to the people? Now, God the Father is ready to expel them totally. Therefore, God is prompting everyone to speak for justice, by stirring, agitating among the people. This is a great purification set in motion by God the Father himself. All that has caused ruination of the nation should be changed for the sake of purifying this land. This is what is happening now...Within a short time, a great turbulent situation will develop in this country. Therefore, turn your attention more towards prayer. Now the people are turning towards deep praying. The mercies of the Father who answers the prayers of His people are now towards the nation. Bestowing good upon the people by enacting a great purification expeditiously, is happening now. Especially, I’ll ensure the justice to this nation very quickly. This year too is put into a great test of this kind. I will establish a purified nation and accomplish them all quickly. Then you will be able to engage in the activities of your children freely.”

19th May 2022

“God the Father had been keeping on watching over this nation and its people for a long period. Man is the summit of the creation. With remorse and sadness, the Father keeps his gaze over the exceeding pressure, the frauds and deceptions experienced by man and how he suffers greatly through them. The people choose their rulers. The people trust that they will fulfill the promises made by them. But those rulers went ahead, prospering through the people, and did the best for their sake, but never looked after the interests of the people. They started to harass, harm and oppress the people. The Father has now created a very terrifying situation and begun cleansing of the whole nation. (Land). The Father will continue this task until the expulsion of not one or two but all the members of the parliament from that...This struggle will not cease from this point. These people will take forward this struggle till the emergence of a person, close to the heart of God the Father as the Leader of the country...Through rampant

lies, daylight robberies and unending acts of terrorism, this nation has fallen into pitiful state over which we are scorned and despised by the world. Many in the world have already become aware of the caliber of the rulers of this Land. Further, there is no room for lie...Also cry aloud before the presence of the Lord God, to choose, place and confirm amidst them a leader, capable of raising the nation and doing good for the people.”

23rd July 2022

“...All government leaders, the great woe that awaits you who have adorned yourselves with wealth, status, power and selfishness...The joy and contentment has deserted the nation. A long fight and hard striving is necessary to re-establish it. The earth is burdened with sin. The weight of the burden of sin has increased to such an extent that the earth is on the verge of exploding and ending up in total destruction. The severity of sin is such that its time that powers in heaven punishes rulers on earth. There is a limit to God's patience. Lord God is love itself, but also wrath. The gaze of God the Father is now upon this Land. It is in this Land that in ancient times, the divine plan, regarding Adam and Eve has begun. The task of cleansing this nation which has been desecrated by unrighteous influences has now fallen on the shoulders the Lord God. It indeed a task owned by God. Now the time has come for the commencement of the workings of God...Let's continue fighting till the dawn of the true righteous Kingdom. It will reach it's successful culmination very soon. In this way, the new State will be set up. Let's provide a message to the world from this Land. This will be a mighty blow for all heads of states of the world. With awe and admiration, all people of the world will watch this. One day in future, all people of the world will talk about this small nation which will shine like a light unto the world.” – (Chapter 61 of 'Footsteps of the Holy Spirit')

In Chapter 62 of 'Footsteps of the Holy Spirit', it has been stated, as follows. It is connected to the message given by Our Lord Jesus on 19th May, 2022. “In future the situation will become more terrible than in the present. People would have to face more difficulties and troubles. Those troubles would come to an end, at least temporarily and a happier time, a prosperous time will come thereafter.” (Jesus, is it the dawning of the righteous era? Is it something that happens before it? I inquired so from Lord Jesus) “It is something that happens before that. A happier time will be given in proportion to the extent of the troubling times, endured by everyone. Many things are set to happen, a little time afterwards.” Lord Jesus tells therein about, some years of prosperity, dawning upon this nation, to be followed by many other developments. It is about the great struggle which would erupt between the forces of evil and righteousness in this land. Through the righteous leadership chosen by the Creator for this land initiated the great revolution concerning true human values, which was destined to occur near the end of the Era. This great divine promise emerges from Mary's Magnificat.”

“He has shown strength with his arm, he has scattered the proud in the imagination of their hearts, he has put down the mighty from their thrones, and exalted those of low degree; he has filled the hungry with good things, and the rich he has sent empty away.” [Luke 1: 46-55]

The spiritual revolt, the servant leadership, which sprang up from our nation, will spread throughout the world. Those of our nation and the world who are solely bent on accumulating wealth, power and popularity (Mammon) will join forces and rise up against this development. It will turn out to be a great struggle between the forces of evil and righteousness. Anti-Christ, the very personification of Satan will provide leadership to this revolt. Our nation will become the epicenter of the revolt. The forces of evil face defeat through that struggle too. "May the new and the righteous leadership chosen for our nation, be a force that never allows the plans of the evil forces to take root in our nation! Let this be our wish, our prayer." These I have stated in Chapter 62 of 'Footsteps of the Holy Spirit' in the year 2022.

Matters, raised by our Lord Jesus, in Chapter 61 of 'Footsteps of the Holy Spirit' regarding the revolt (the struggle) are not limited to the revolt that took place during the period 09th of April, 2022 to 09th of July, 2022. Many matters discussed therein refer to the great, future revolt. The revolt, during 09th April – 09th July, 2022 cannot be brushed aside as worthless. 'The revolt of love', during 9th April to 9th May attracted the attention of all those who opted for a great change. It was not only man made. It was a trail for the dawning of a righteous era, with combined effort, that of divine intervention and making man an instrument in the hand of God. Many are the victories achieved through the revolt, until 9th July. The concept of 'system change' which emerged out was excellent. The concept of system change will become a reality in our nation in future.

I reproduce below what I mentioned in Chapter 64 of 'Footsteps of the Holy Spirit' for your information. The plan of the Creator, about our nation is as follows.

1. This nation is the paradise, the Garden of Eden of Adam and Eve. (This has been stated as follows in Chapter 44 of 'Footsteps of the Holy Spirit'.)

"This nation where you now live in is the Garden of Eden, which I created then. The garden where Adam and Eve lived. The person who named this garden, as 'Garden of Adam', and Paradise at first did so through a divine revelation. (We inquired, 'who he is?') Know it yourself through books and manuals. I am pleased that even in your National Anthem mention has been made of the beauty of a Garden".)

2. Thereafter, this became an island of righteousness.
3. In recent time completely that became a nation of end times. (Dark Era)
4. The nature of the Dark Era ending gradually, this nation will become a nation of redemption to the whole world.

2024 June 05 – during our solemn prayers to the Holy Spirit

"My beloved children, it is through the abundance of graces of the Holy Spirit that you are fed and nourished. Beseech the Holy Spirit, with a burning desire, a compelling thirst in order to receive that great favour around you and your soul to be fed more and nourished more. It is the divine grace. You are bathed from the fountain of life, that Holy Spirit. My desire is that the whole mankind should be filled by the Holy Spirit and led to the fullness. Amidst the great

calamity through which the world is passing today, the man does not become aware of the dwelling of the Holy Spirit within himself. Amidst this great calamity, the existence of God has become a problem for man.

Even those who believe in God, find it difficult to set apart a time for God in their lives. The men are living in such a complex and competitive world today. My beloved children, it is difficult to blame them for this development. Why is it? The men are burdened by a cross which has been entrusted to them; they fall, rise up under the heavy burden of the cross which they are shouldering. Today the family life too has become a heavy cross. It is through a way of the cross that I am leading my people.

Today, the Church has failed to impress upon the need to engage in some preparation before attending Mass. The special message that I am going to deliver today is on that. Today, many attend Mass bound by the rules and regulations imposed by the Church. Children, the Holy Mass indeed is of supreme and very deep in content. It is capable of providing spiritual nourishment to a great number of people. Therein lies the most potent and powerful components of nutrition. The Lord becomes your food in the Holy Mass. Today people are least concerned about a suitable preparation before mass; they attend mass for the sake of attending. I am saddened to see how people are lost in their own thoughts and dreams during mass and how they act with least care and concern, piety during mass. Because... it is with heavy criticism and fault finding that they go out of the church, following the mass; their discussions mostly revolve around others' faults and inadequacies. They will continue to talk about either a fault, a failing of the Church or the priest. But, this is not what should have happened. Now, the Lord resides in me sacramentally. Oh Jesus, you came into me; You became my food. Thank you, Jesus. Lord, how do I yearn, how do I long to have you within me?... to go home having a friendly chat with you...to go home and engage in my errands while continuing the discussion with you over an hour or two. Lord Jesus, help me in this regard. Today, no one burns with such a desire. They say I have received Jesus, but they fail to give the pride of place which you deserve. Refrain from criticizing others. Place the sins, the faults that you see in others in the presence of the Lord and pray for their deliverance. What everyone should do is crying in prayer to the Lord for the deliverance of others. You who are privileged to be children of God should refrain from criticizing others. The legacy and the inheritance of being a divine child is.... joining of hands with God and one another in love.

The first thing you should do on getting in the morning is praising God and adoring God. Lord I entrust this day to you. Lord bathes me now in your precious blood which you shed on Calvary to overcome the devil and to redeem all. Let your blood become one with mine. Lord, remove of all defects that ail my body and all pain that run through my limbs. Lord by the power of your precious blood; dispense away all the evil influences that spoil my blood. Nourish me with your blood right throughout this day. Lord, it is your blood which cures my body and mind. Lord, pour your precious blood on all members of the human family and save them from all evil forces and cure them. All of you pray in this manner. God makes a promise. When you own that promise in total belief, intently and passionately and go forward the Father will fulfill that promise as and when he decides and desires. There is a huge connection between man and the environment.

When man awake in the morning must go out and establish the connection with the sun light. Man's body needs this connection. Think of the connection with the whole environment, the fauna and flora, the plants and trees. These should be embraced with love and concern. A significantly important day, which you haven't come across, during past 28 years of my revelations, will come in the future. You will be compelled to go forward, overcoming all obstacles, and achieving victories step by step. In such manner, this will reach the point of this being confirmed, leading up to aligning with conventions. Till then, you will have to proceed, through rejections, humiliations, and oppression. You too will have to face all oppressions and objections which I had to face, then. Therefore pray, Oh Lord! Create within me a gentle heart to love others as you did. Today you have many things to pray for. If you think of the unemployed in the whole world and their sufferings, entrust them all to the healing hands of the Lord and cry to the Lord in earnest prayer, a path will be paved through the power of the Holy Spirit for them to receive that grace.

I listened to what Anthony spoke about, a moment ago. When compared with his age, Anthony and his memory are filled with the gifts and graces of the Holy Spirit. At this age, loss of memory is extensive. There is no strength and no stamina. Anthony is shadowed by the Holy Spirit. But he denies it and says he does not feel so. Child, you stand so vibrant and energetic, because you have been blessed with such graces. Guided by the Holy Spirit, you will have to recall all valuable things you garnered and impart them all to the people. You will do that through the power of the Holy Spirit, rained upon you. How old is Anthony now? (Almost, past 84) Anthony, how long do you expect to go on? (Even now, I am ready to come...at any moment Jesus desires.) Anthony, don't we have some jobs to be completed? Still your memory is good; your stamina is fine. Do you understand, Anthony? Shall we stay for some time more? Need not the world see? Therefore, don't think negatively. Be positive, and go forward step by step.

19th July 2024

(Commencing from 19th July 1998, we, the members of the 'Daham Navodaya' group assembled together on every July 19th as a day of thanksgiving to the Lord, as commanded by Lord Jesus. Reference has been made about this in the publication of 'Footsteps of the Holy Spirit'. When we assembled annually in this manner, we reminisced over our past doings, from 7th of June 1996. When we last assembled, I focused on a few power-packed words of our Lord which reenergized us from the fatigue and frustration, caused by a long and unconventional journey, extending over a lengthy period of 21 years. We received those words on 13th May 2018. Through those words, our eyes were opened up to the reality of where we stood in the past and where we will stand in the future, as members of the community. The few words which we received from Lord Jesus are such. "The important part of this community which I chose is its foundation. That is what happening now. The building will come up on that foundation. Then, attention of all will be pointed towards the beauty of the building. Most of people will not have any memory of the foundation. There are no visible signs of many activities, in the journey now being followed by the community." Then I turned my attention towards the first occasion, when Jesus spoke to Brother Sunimal Chathuranga. It happened on 9th August 2018. He firmly believed that it was a revelation from Lord Jesus. Lord Jesus told him that He wanted to deliver

a message to the world through him, and to prepare everything, necessary for the proposed revelation. Accordingly, he built up the web site <http://dahamnavodaya.com> through his own efforts. The web site was opened up for the internet on 8th February 2020. (Along with the message delivered on 20th January) On some day in March, I as the shepherd of the 'Daham Navodaya' community handed over the Chapters 1 to 51 of "Footsteps of the Holy Spirit" to brother Sunimal Chaturanga to be released to the internet. As Lord Jesus informed me that the correct teachings of Lord Jesus should be placed before the world in the form of a series of sermons. We initiated the needful during - 2023 June 16th to 18th. Brother Sunimal Chaturanga has built up the YouTube platform and all 60 lectures have now been uploaded thereunto. Visit our YouTube channel by searching for **dahamnavodaya** on the Internet. We shared that matters amongst us. Thereafter Lord Jesus addressed us in this manner.)

19th July 2024

"I, the Father, the Son and the Holy Spirit will bless you and protect you. This, I promise to you. So, how is today? I am pleased that all of you have come. I heard the explanation which Anthony gave about this journey. What Anthony said is correct. The foundation is laid. What did I do before laying out the foundation? What I did was choosing good quality bricks, sand etc. for the foundation. If a foundation is laid it should be solid and strong. It is on a strong and solid foundation that a building would stand up. I waited for a long time to build this building. Though the foundation was laid, I waited till the Father showed me the suitable person to put up the building. The Father, he himself chose and gave me the suitable person for the task. It is Chaturanga. Foundation is laid, and what is eagerly being awaited is the witnessing of its beauty and magnificence. Now, the building is being built and shaped up. In order for the magnificence of this building to radiate and shine forth, this publication should be internationalized. By now only a part has been dispatched. Where are the other parts? Is it not necessary for the building becomes completed for this? So, has it not to go? How can we see the magnificence, in the absence of this? In order to observe the magnificence of the building, this publication should be published internationally in all the languages of the world. It is only a part of the building that has now been completed.

Today the people of the world are accustomed to criticize everything. Now, here it is beautiful, but there it is full of defects. Even, herein there are people prone to seeing defects and shortcomings. Even, amidst those who build and see the beauty of the building, there are sections of the people who fail to see its beauty. The Father remains as a silent but a keen observer. But the Father who waits to collect and clean the garbage, has given time to clean and correct, to those who even now keeps on seeing defects and collecting garbage. This is the great purification process of the Father. In haste, He now prepares to purify a great number of people, to remove all defects and shortcomings found in each and every one of them and to build this house, world the home, the Heavenly Kingdom the home, on this world.

Very soon, this nation will be subjected to a great process of purification. It's a special revelation, which I give to you now. Now the country is passing through a deplorable state,

where the people are burdened in a mire of greed for wealth and power. Now the time has come to get rid of all those who pollute and contaminate this country. Silent and inactive, may I appear outwardly now. But I am not so, my dear Children. Wrath of God the Father is burning like a wildfire. Through different facades, this process of purification has begun, but even there the purification has not reached its completion. It has not reached, even the middle part of it. The most terrifying thing is the soon to come days of freemasons, and Anti-Christ. The group of Anti-Christ is lying low now, unable to raise its head. Because everywhere prayer groups continue to beseech the Lord and pray continuously. What has happened to My Prime Most Church? The words of prayer, coming down from ages passed are being changed, leading to confusions and conflicts in the liturgy. Satan feared the power, behind those prayers in those days. All these changes are a preparation to the dawning of the kingdom of the unrighteous one. At the end of all these, My Second Coming will take place. The Father is making plans to provide a chance to the unrighteous groups, and to finish the time allowed for them. Therefore, a fierce, a worst war is being waged in this world. This nation is becoming as the base, the focal point of for the purification process of God the Father. The reason for this is the connection of Adam and Eve to this nation. That has been confined to this small country. Sin has its origin in this nation. Therefore, the weight of sin is more towards this country. Satan is giving a good fight to retain control. Therefore, God almighty plans to execute a deep, secret event in this country for the sake of the great purification. Therefore, Anthony, even though I haven't uttered in depth words, about the journey through which I lead you, stay alert to what happens around you. Don't treat this lightly. The depth of the journey through which I will lead you lies ahead. Then, on that day they will understand that weeping will be the lot of all those who distanced themselves from this. Occasions will come up for them to weep and exclaim "Alas, we failed to recognize the Lord who was coming to us in this manner." I have given a special and a peculiar pattern of revelations to the world, through this nation. In that regard I have spoken through words; I have spoken through my eyes; I have written through my hands; and I have walked using my feet. Even in future I will enter into a human form through my first hand maid and I will lead her to the places, which I have to visit...In future statues will descend down from the altars and start walking. I will give my living breath to those statues. People will get fear and run away. In future many more things are set to happen. This is very near. Mother Mary will intervene owing to the increasing weight of sin in the world. Tears of blood flow down from her eyes. Therefore, truly a time will come in future for the statues to come out of the churches and walk along the roads. All these are things which will happen in future. People will treat them as oddities and curious happening; they will inquire into and search about them, similar to a research. Today we find experiments and explorations all around. No one accepts them even if seen by the eyes, but the same things existed even before. The people in the past failed to recognize, even when God came down to the earth."

(Lord Jesus said these words based on what he has done on behalf of a son of a lady doctor readying for an operation.) 'Beloved Children, future is even more dangerous. But the journey has not gone wrong. Therefore, everybody should become united, in everything and stand ready to experience the Divine Holiness. If Heavenly Father tells someone "You have to come to my kingdom, today", then he has to get ready, leaving all aside. There is a bond in you, about your

children and this is God given. If God the Father, on an unexpected moment tells you to shun that bond and assures to take care of the future events, you will find it difficult to accede to God's call. That bond has become a part of your body. But the Father says to leave behind that part of the body now. Such moments will come in the future. That family won back their child through many trials and testing, with great difficulty, emptying themselves of everything, totally. Why did I choose that family for that experiment? They who believed in my course of actions have a readiness to proceed along this journey to the very end. Those who have been chosen for this journey face more trials and are heavily burdened. I always subject their faith to testing. Assent by words alone is not enough. Many are those who express themselves by words. I observe your way of living. No one should try to play with God. God allows you to leave freely; he pursues you; and he brings you back on the most opportune time. There is a peculiar way for my calling back, even when those who are chosen to be disciples in this journey opt to distance themselves, irrespective of where there are. There is a way of allowing them a distance to walk away and then calling them back. Fear not my children, I'll allow them to realize all what they said and did; allow them to see many things, and allow them to roam the world. I'll use them more and more, purify them and bring them back. Though I haven't uttered words, I keep on doing great deeds round the world, without your knowledge. You will come to know the related revelations soon, in future. Now we will stop it. OK? Please all of you lower your heads at the same time.

Flowing from the crown of your head, spreading to the toes of the feet, running through the flesh, blood and sinew, born and marrow which the price I paid, the blood I shed, I give you to own and cherish. Own it with trust and belief. Live within me. I will save you always.

I'll place you in the bountiful graces of the Holy Spirit. I'll place you within the most powerful, most majestic glory of God the Most High. I'll place you under the watchful eyes of the Father. I'll place you under the watchful eyes of the most Holy trinity, the Father, Son and the Holy Spirit. I'll place you under the protection of the holy angels. I'll place you among the intercessions of all saints. I'll place you within the mediation of Mother Mary. I'll entrust all of you to the most loving and friendly nature of the Infant Jesus. May you be blessed, right throughout your earthly sojourn, to lead a righteous life, ever pleasing to the Lord and win the Heavenly Crown! – Hevenu Shalom Aleichem! (This is how Lord Jesus brought his revelation to a conclusion through the first hand-maid.)

2nd September 2024

"Today is a special day. It is I, who assembled you all to this place. Now, I'll tell the reason for that. Chathuranga, it is you whom I have chosen the most in-depth phase of my mission. I have chosen you for a very difficult journey. With a great deal of knowledge, fighting with people and the Church you have undertaken to accomplish a great task on my account. It is not an easy task indeed. As it is conducted in a war between righteousness and evil, the task becomes even more difficult. Today is the day on which his birthday is being celebrated. A very valuable message is contained in the Mass readings of the day. Let's read it now. (1 Corinthians 2:1-5, Psalms 119:97-102, Luke 4:16-30)

“You, who carried this son in your womb, are blessed mother indeed. The son has been called, amidst challenges of different magnitude. How many years have been completed, to date? (39 years have been completed) Whatever the challenges that you would have to face in the future, you have the protection of the God who will be with you always. The mother bore the son, the mother and the father joined hands and have taught the son the righteous way. That father is now in heaven. You walked in the ways of the Lord continuously, but I do not expect you to lead a single, unmarried life. God the Father expects to see a generation arising from you. A suitable person should be taken from you to lead the next generation. At the most appropriate time, God the Father will present to you the most suitable person. By then, I will ensure to free you from all that oppose you, and oppress you, till then you will be able to go on this journey, in union with this group of disciples. In our Psalm meditations, we come across a particular Psalm which speaks of an anointed one who is wiser than the elders but capable of enlightening them in matters, spiritual. Now I anoint you and bless you. Come my Son, to my presence.”

“You have stepped on to the 40th year after having completed 39 years, from the time the gift from the heaven has been deposited in your mother’s womb and you have walked into the world. I anoint you through a great, special anointment of the Father, to walk across a holy inferno, set ablaze by a burning fire, while overcoming all obstacles and setbacks. As decreed by the Father, I call upon you, to take on a special journey, displaying a marvelous gift of the gab, disregarding status, power and position, within the Church and the world, overcoming all obstacles and difficulties, defeating Satan and all diabolical and unrighteous forces. Amen.”

23rd October 2024

(These ideas too were included in the message delivered to Brother Sunimal Chaturanga, on the day.) “You should stay awakened in awareness about this world, your nation, and your village. There is something great, awaiting to happen in this country very shortly. I’ll not tell... what it is? Just remember that Jesus gave you some indication about it. Heavenly Father has appointed a leader to this nation in response to the pleadings of the peoples of this country. Whatever the motive he would have had at the time of being appointed, God the Father has arranged for him to overcome them all and be oriented towards righteousness. Father has turned all that is bad into good and now planning to get the good results from him. It is along with this that the terrible moment of Heavenly Father’s purification will come down on this nation and all the countries of the world. Now what he does is probing into all frauds, abuses and corruptions which plunged the country into decay and destruction and meet out punishment to the perpetrators. God the Father has granted him the power to do that. Now has dawned the time to clean all places. Tempered with this endowment and experience, all of you must stay awake.”

3rd December 2024

(A message delivered by Jesus to brother Chaturanga)

“At this moment what you should do? What is necessary is opening up to face it. Through discernment, what does God tell me? There are occasions to speak to Anthony. Here before, Anthony has come in through that way. It is through that status that one has to proceed in future. There’s much that can be drawn from Anthony. He must meditate; allow the spirit to work within him thereby allowing God to deal with him, and restart his search. Tell Anthony that Jesus said so. From that day onward, he came with spiritual inspiration. If he becomes interested and plunged himself into it, drawing from his inbuilt experiences and expertise he can assume more into his soul, unearth hidden things and master them all. It is not necessary to wait expectantly about the message which I promised to give. I am able to deliver that message to his soul.”

When turning my attention towards that message of Lord Jesus, what I felt was that Lord Jesus is expecting some thoughts relating to this moment, from me, as the shepherd of the Community of ‘Daham Navodaya’. After I noted it down, I think I will get God the Father’s message through Lord Jesus. How he became worthy before the Creator Lord to give righteous leadership to the endeavor of lifting up the nation? The Holy Bible says this. “People look at the outward appearance, but the Lord looks at the heart.” (1 Samuel 16:7) The Lord looks at a heart filled with honesty of purpose. Once a person of that caliber is met, He dwells within him and reveals His wisdom to him. The Creator Lord is immune to religious inclinations. Every human life is His own creation. He is father and mother of every human life. All are his children. Therefore, all become brothers and sisters. What is meant by a heart filled with honesty towards purpose? It refers to a person who is shocked and shaken on seeing the calamities which have engulfed the nation, over a long period of time, and endeavours to free the populace from their plight by building a suitable nation for them to live in even at the cost of his own life. The Creator Lord saw a person of that caliber in him.

There is no more time left, for the dawning of the righteous era, and second coming of Lord Jesus. It will be good for everyone to think of it as something unfolding in 10 to 15 years in future. It is to a sinful world that Lord Jesus, the son of God the Father came in after assuming human form. Lord Jesus would come again to a purified world. The one who performs the purification is God the Father. The first phase of God the Father’s purification process begun on 21st April 2019, along with the Easter bombing incident and the spreading of Corona pandemic in 2020. The terrible phase of God the Father’s purification process began on 21st September 2024, along with the ascension to power of a new political leadership. Along with this, the terrible phase of purification process will spread around the world. The first phase of God the Father’s purification process, also the terrible phase of the purification process began in this nation. Why is that? Because, this nation is the Garden of Eden, the paradise where Adam and Eve lived. Therefore, all future plans leading up to the dawning of the righteous era will begin in this nation. At first, sin had its origin in this nation. Accordingly, our first parents lost the paradise. What happens through the purification process of God the Father is the rebuilding of the paradise in collaboration with man. That is the dawning of the Righteous Era. In future, the

terrible phase of God the Father's purification process will take place. Thereafter, the second coming of Lord Jesus and the dawning of righteous era will take place.

I have to mention, at least briefly the first phase of God the Father's purification process. It is the Easter bombing incident. On 24th February 2021, Lord Jesus through his first hand maid said the following. "With sadness, I keep on watching all what happens now about the incidents of the 2019 Easter Sunday in this country and in my Church. Despite the cruelty and viciousness of the past events, and of the events to take place, all what I expect from the people, bearing witness to my name is forgiving, only. You have my permission to entrust all these to the justice and fairness of God the Father. I do not expect from all those who bear the name of Christ, to search for perpetrators of this horrible crime and punish them." (Chapter 53 of "Footsteps of the Holy Spirit") Of this, I informed the Most Rev. Arch Bishop and other senior Church dignitaries. Why did God allow a thing of this nature to happen during Easter Sunday religious services, in three churches, on such an important day, commemorating the resurrection of our Lord Jesus? The Catholic Church has not taken any step even by now to think about this. On 13th May 2023, Lord Jesus, through his first handmaid said this. "But now what is happening within the Church? Then, I forgave Judas. Why cannot the Church forgive now? Why do they assemble the people and go after the offenders? Take for example the recent bomb blast. When the internal, burning wounds of the people, caused by the bomb blast is on a course of being healed, why should it be pulled back even after one year. Wounds are being reopened. It is a big mistake on the part of the Church indeed, and it is not a forgiving process. Under these circumstances, what the world would think about the Priestly Sacrament of Mine? Under these circumstances, what would the world speak about the Catholic Church, today? If so, are not the world and my church, alike? (Chapter 64 of "Footsteps of the Holy Spirit")

The terrible, the most terrible events of the purification process of God the Father will not be limited to the Christian population only. Entire people would have to face those developments. What I have mentioned here is a little bit of it only. I have described them all in Chapters 56 to Chapter 65 of "Footsteps of the Holy Spirit". All those matters are scattered in and out right through all those chapters. Study all of them deeply and devoutly; and be ready to face the events of the future.

I like to mention a few things about the Catholic Church, established by Lord Jesus himself. All other Christian denominations were founded by men. As he started the Catholic Church, Lord Jesus has promised that gates of hell will not over power and conquer the Church. Lord Jesus, through this phase of special revelation says this to all those who have deserted the Catholic Church for one or another reason. "Tell this also to my helpless sheep. Remain only within my own Church, which I have established upon the foundation I have laid – that is, my foremost Church, the Catholic Church. Do not seek salvation in various false churches that have distanced themselves from My Name and My Influence (Inspiration)." (Chapter 23 of "Footsteps of the Holy Spirit") That word is not meant for Christians who have found shelter in different types of other churches over a long period. Today, you will observe many shortcomings in the

Catholic Church. Through this pattern of revelation, Lord Jesus said these too. "I will raise up the Church, made up of different constitutions and corporations, and now disintegrating into bits and pieces in to a position of being led by the Holy Spirit." (Chapter 21 of "Footsteps of the Holy Spirit") In spite of its viciousness and ferocity, is it not the thing that should really happen? Is it not a joyful message to a true Catholic? The Church, the mystical body of Christ would have to suffer the same grievous sufferings which Lord Jesus had to suffer. What Lord Jesus said to his disciples when they inquired him about the end time happenings is mentioned in the Chapters of Mathew 24, Mark 13 and Luke 21. "And many false prophets will arise and lead many astray." (Mathew 24: 11) During this era when similar signs are manifested, we should not act as withered leaves, tossed around in high winds, but we must transform ourselves to be "Pilgrims of Hope" with a firm resolve to remain up to the end with the Catholic Church found by Lord Jesus.

"Daham Navodaya" website has been developed in a way, allowing downloading of contents page wise easily. Therefore get the contents of chapters 1 - 65 of "Footsteps of the Holy Spirit" page wise and study them.
